

First Sentier Investors announces strategic partnership with AlbaCore Capital Group

Monday, 20 March 2023: Leading global investment manager, First Sentier Investors (FSI), has entered into a strategic partnership with a leading European credit manager, AlbaCore Capital Group (AlbaCore), making a majority investment in the business.

Mark Steinberg, CEO of FSI, said that the strategic partnership is aligned with FSI's corporate strategy to accelerate growth by diversifying the range of investment capabilities it can offer to clients as well as expanding its global footprint.

"We identified alternative credit as a strategically important space for us to consider and we felt that AlbaCore's unique position in the European market, its growth trajectory and strong investment performance would be complementary to our existing capabilities," he said.

Headquartered in London, with a presence in Dublin, AlbaCore has capabilities spanning various parts of the corporate credit spectrum including private credit, CLOs, liquid credit and structured credit in Europe. Since inception in 2016, it has grown to US\$9.5^[1] billion in assets under management with long-standing relationships with public and private pension funds, sovereign wealth funds, insurance, and endowment and high net worth clients.

AlbaCore's broad product offerings enable FSI to offer new asset classes and structures to clients, as well as unlocking new channels, regions and products to meet growing investor demand in the sector.

David Allen, Managing Partner and Chief Investment Officer at AlbaCore said: "When we started to engage with FSI, it was clear there was strong cultural alignment between both businesses which will be critical to the success of our partnership.

"We see this partnership as enhancing AlbaCore's growth prospects including extending market access to our expertise, deepening our product offering, and working with FSI's Responsible Investment team on our approach and articulation around responsible investment," Mr Allen said.

The senior team at AlbaCore will maintain a minority ownership stake in the business and continue to invest capital into funds. AlbaCore will continue to operate with investment and business autonomy with no change to its teams, office locations or brand. At the same time, FSI and AlbaCore will work together on areas to accelerate their respective strategic plans and longer term growth trajectory, while leveraging their joint expertise.

"This partnership marks a new chapter for FSI and our shareholder Mitsubishi UFJ Trust and Banking, our people and our clients. We look forward to working with AlbaCore to explore areas for collaboration across our respective businesses. Together, we are better positioned to drive growth for our clients and broader stakeholders," concluded Mr Steinberg.

Completion of the strategic partnership is targeted for Q3 2023, pending regulatory approvals.

First Sentier Investors was advised by Berkshire Global Advisors, Legal advisor Simmons & Simmons and Accounting Firm EY.
